

Announcement of the Second International Workshop

SoLFIDaP 2

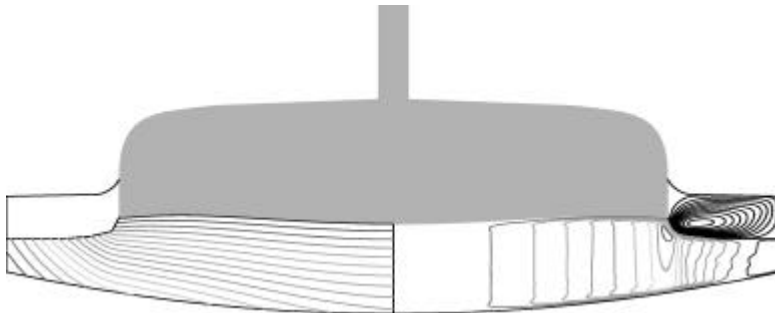

on

FIDAP™ in Crystal Growth, Solidification and Related Fields

April 10-13, 2001

at Centre de Physique des Houches

SoLFIDaP will provide a forum to bring people together, who are working with FIDAP™ or with other competing software in solidification, crystal growth and related fields. Information concerning the physics of the problem as well as the numerical simulation including the specific features of FIDAP™ could and should be exchanged. Abstracts should be one page maximum. Electronical submission to duffar@hmg.inpg.fr is preferred.
